1. 登入 sourcelink 后點選左侧之 **Software update/Order base release.**

在下方选项选取要索取的版本为 **SPB 16.2**

The screenshot shows the SourceLink website interface. The top navigation bar includes 'SourceLink home', 'Cadence home', 'SourceLink sitemap', and a search box. A welcome message 'Welcome, Vincent' is displayed. The left sidebar contains a navigation menu with 'Software update' selected, and 'Order base release' highlighted. The main content area is titled 'ORDER BASE RELEASE (DVD)' and shows a progress indicator with 'step 1' highlighted. A note states: 'Note: A Base Release requires the license server to serve a license file that is at least at the same level. For example if PSD 14.2 is ordered, the license file must be for PSD 14.2 or above.' Below this is a section for 'Entitled releases' with instructions to select releases. Two tables are shown for selecting releases. The first table is for Host ID: 000e3... and the second for Host ID: 8-5E7000... In the second table, the 'SPB 16.2' option is selected and circled in red.

Note: A Base Release requires the license server to serve a license file that is at least at the same level. For example if PSD 14.2 is ordered, the license file must be for PSD 14.2 or above.

Available releases

This is the list of releases that are currently available. Select the release which you wish to order for any of the License Server Host IDs listed below. Licenses are backwards compatible, so if you have an earlier release that is not displayed here, you can select the latest product release. If a Host ID does not appear, please check your [Host IDs](#) or you can ask about your [maintenance contract](#).

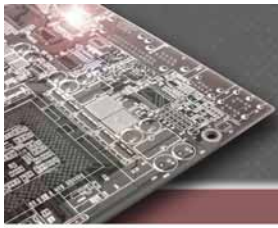

In all cases a complete license will be sent to you. The complete license file will include update license keys for the releases selected as well as your current license keys for all other releases.
